

FALL 2019 CES PRESENTATION

You are invited to a free seminar

SHIPPING CONTAINERS

Shipping containers, they're cheap and easy to place almost everywhere but not so straight forward to regulate. ROWE will discuss how to have the shipping container conversation with your community and regulate their use with various zoning districts.

PLANNING COMMISSION BEST PRACTICES

Whether you've attended public meetings for many years or are new at this, ROWE will review the best practices for planning commission meetings. We will include things you should know before the meeting, how to have effective meetings, and best practices to put in use (crafting motions, voting, etc.). Lastly, we will discuss things the planning commission should do every year, such as create an annual report and hold elections.

WHERE/WHEN

The ROWE Building 540 S. Saginaw Street, Suite 200, Flint, MI (free parking in the flat lot at Kearsley Street and N. Saginaw Street after 5:30pm) **Tuesday, October 29th 7:00pm - 9:00pm**

RSVP
